

Please "Be kind" to our staff. A simple thank you, or a positive review could make the world of difference. Send any comments and feedback to Email: roccg.swallownestcarecoordinators@nhs.net

Swallownest Health Centre

Launching on 31st January 2024

[The NHS Pharmacy First Service](#) incorporates the previous [Community Pharmacist Consultation Service](#) and builds on it to enable community pharmacies to complete episodes of care for seven common conditions.

You can also cancel by emailing svicb-rotherham.swallownestnoreply@nhs.net

We will be closed from 12.00pm for training on Thursday 15th February 2024.

MMR
MEASLES MUMPS RUBELLA

Measles is circulating, it is serious, very infectious and can cause complications.
Especially for those with a weakened immune system, babies under one year and pregnant women.

You need two doses of MMR vaccine to protect you, see your GP practice to make an appointment.
It is never too late to have your MMR.

Immunisation
the safest way to protect your child

The NHS App gives you a simple and secure way to access a range of NHS services. Download the NHS App on your smartphone or tablet via the [Google play](#) or [App store](#). You can also access the same services in a web browser by website. You must be aged 13 or over to use the NHS App. You also need to be registered with a GP surgery in England or the Isle of Man. Find out more about [who can use the NHS App](#).

What you can do with the NHS App

- order repeat prescriptions and nominate a pharmacy where you would like to collect them.
- book and manage appointments.
- view your GP health record to see information like your allergies and medicines (if your GP has given you access to your detailed medical record, you can also see information like test results)
- book and manage COVID-19 vaccinations.
- register your organ donation decision.

- choose how the NHS uses your data.
- view your NHS number ([find out what your NHS number is](#))
- use NHS 111 online to answer questions and get instant advice or medical help near you.
- search trusted NHS information and advice on hundreds of conditions and treatments.
- find NHS services near you.

Other services

Depending on your GP surgery or hospital, you may be able to use the NHS App to:

- message your GP surgery or a health professional online
- contact your GP surgery using an online form and get a reply.
- access health services on behalf of someone you care for
- view and manage your hospital and other healthcare appointments.
- view useful links your doctor or health professional has shared with you.
- view and manage care plans.

From 30 January 2024, patients in England can use the [NHS App](#) to view all their prescription details, order repeat prescriptions and generate a barcode that can be shown to a pharmacy for collection without a paper prescription from their GP. It will also show patients in England an estimated waiting time for their hospital treatment at the NHS acute trust they've been referred to.

Rotherham Parent Carers Forum is a local registered charity run by and for families of children and young people (aged 0-25) who have Special Educational Needs and/or Disabilities (SEND). Each month they run several connect sessions around Rotherham.

We work in partnership with service commissioners and providers, sharing knowledge and experience of families to help plan and develop the quality, range, and accessibility of provision, creating better outcomes for families through participation and co-production. You can **join as a member** and share your views.
